Week of April 4th

Greetings I'On At Home members,

We are making good progress in our search for a new Administrative Manager and hope to name the new manager the next week. In the meantime, our Board of Directors and the chairs of the various IAH committees are filling in to ensure that we can continue to deliver the quality services and exciting programs and events that we've all become used to.

Please feel free to contact any of us with your questions and suggestions

Email us at: ion@ionathome.org or text/call: [843-284- 3590](tel:843-284-3590)

*Thank you,
Peg Higgins

The Process of Creating Art with Becky Youle

As part of our continuing series focusing on the talents of IAH Members, Becky Youle, an I'On resident and artist, will discuss "The Process of Creating Art." This will be an excellent opportunity to develop an understanding of how art and artists are created. Becky will talk about how becoming an artist is a matter of learning how to "see," understanding visual impact and awareness, and choosing the medium. Becky will also explain how artists' works evolve over time based on her own experiences, as well as a "day in the life" of an artist. Register for this event and learn how you can become an artist; as Picasso said, "All children are artists. The problem is how to remain an artist once he grows up".
