

We are, once again, dealing with a surge in Covid infections. In order to protect the welfare of our members, including our volunteers, we have had to cancel or postpone several scheduled programs and temporarily suspend our services.

Rest assured that our Programs Committee is still active and productive! They have added several COVID safe events in February and continue to research and invent creative and interesting activities for better days ahead. Just as soon as it is safe to do so, we will resume a normal schedule of activities. In addition, we will begin our Smoke Alarm Replacement services.

Watch this publication for updates. In the meantime, please stay safe and healthy!

Great Decisions Discussion Group - Outer Space

Zoom Event

How should the United States approach the new crowded outer space?

The launch of Sputnik 1 in October 1957 marked the beginning of the space era and of the space race between the United States and the Soviet Union. In the 21st century, there are many more participants in space, including countries such as India and China, and commercial companies such as SpaceX. How will the United States fare in a crowded outer space?

*Great Decisions is America's largest discussion program on world affairs. The program model involves reading the Great Decisions **Briefing Book**, watching the monthly video and meeting via Zoom to discuss the most critical global issues facing America today.*

Steve Degnen will be leading this discussion.

Fried's Film Forum - The Movie "Brazil"

Zoom Event

Fred White, our IAH resident film expert and critic, will be leading a discussion of "Brazil", a classic satire released in 1985.

The movie was directed by Terry Gilliam, a member of the Monty Python team. The film was acclaimed as "intelligent, though provoking, visually stunning which provides not only tense drama but also many laugh out loud scenes." It features strong acting performances, including a role by Robert De Niro.

This movie should provide some needed relief from the cold temps and lingering cloud of Covid.

Joe Fanelli is the producer of this event.

Private outdoor spaces, porches and patios

Cocktails and Conversations is a great way for members, especially if you are new to IAH to meet others in the IAH community.

Groups of no more than six people meet for cocktails at a member's private outdoor space, porch or patio. Everyone brings their own drinks and snacks. Seating is arranged to allow for social distancing. It's a safe but enjoyable way to meet new people and enjoy lively conversation.

Please go to the IAH Website and register by Thursday 5PM, the evening before the event to allow for logistical organization. All registered participants will be contacted, by the morning of event, regarding location.

Whether or not you are fully vaccinated, please wear a mask until you are seated and maintain social distancing at all times.

NOTE: We are always looking for members who would like to host a Conversation and Conversation outdoor event at their homes. If this interests you, please contact Kathie Hass, the Cocktails and Conversations coordinator at kaeh49@aol.com.

CLICK HERE to go to the IAH Website and signup for these and other events and programs.

*We're always searching for new subjects and activities that interest you.
